

Aura Medical Assistant – Bundles and Files After Bundle N

O – Engine Adapter Hardening

server/services/chat/chatEngineAdapterV2.ts
server/services/chat/chatEngineStateMapper.ts
server/services/chat/chatEngineTraceNormalizer.ts
server/services/chat/chatEngineDebug.ts

P – Differential■Driven Question Selection

server/services/diagnostic/differentialProbabilityEngine.ts
server/services/diagnostic/questionImpactAnalyzer.ts
server/services/diagnostic/nextBestQuestionEngine.ts
server/routes/questionImpactDebug.ts
client/src/pages/NextBestQuestionInspector.tsx

Q – Outcome Feedback

server/services/outcomes/outcomeCaptureService.ts
server/routes/outcomeCapture.ts
client/src/pages/OutcomeCapture.tsx

R – Complaint QA Dashboards

server/services/qa/complaintQADashboardService.ts
server/routes/complaintQADashboard.ts
client/src/pages/ComplaintQADashboard.tsx

S – Clinical Scoring Systems

server/services/scoring/centorScore.ts
server/services/scoring/wellsScore.ts
server/services/scoring/heartScore.ts
server/services/scoring/scoringRegistry.ts

T – Medication Safety Layer

server/services/clinicalConstraints/patientConstraintEngine.ts
server/services/clinicalConstraints/drugInteractionChecker.ts
server/services/clinicalConstraints/renalDoseAdjuster.ts
server/services/clinicalConstraints/hepaticDoseAdjuster.ts
server/services/clinicalConstraints/qtRiskChecker.ts

server/services/clinicalConstraints/pregnancyMedicationChecker.ts

U – Organization Layer

server/services/organizations/organizationStore.ts
server/routes/organizations.ts
client/src/pages/Organizations.tsx

V – Notification Workflow

server/services/notificationService.ts
server/services/escalationNotificationRouter.ts
server/routes/notifications.ts
client/src/pages/Notifications.tsx

W – eCW Packet Builder

server/services/ecwEncounterPacketBuilder.ts
server/services/ecwExportManifestService.ts
server/routes/ecwPackets.ts
client/src/pages/EcwExportWorkbench.tsx

X – Audit & Compliance

server/services/accessLogService.ts
server/services/auditReportService.ts
server/routes/auditReports.ts
client/src/pages/AuditReports.tsx

Y – Messaging Orchestrator

server/services/channelOrchestrator.ts
server/services/messageRoutingService.ts
server/routes/messages.ts
client/src/pages/MessageOps.tsx

Z – Production Resilience

server/services/healthcheckService.ts
server/services/jobRunner.ts
server/routes/health.ts

AA – Medication Governance

server/services/medicationGovernance/formularyService.ts
server/services/medicationGovernance/medicationRuleRegistry.ts

server/services/medicationGovernance/medicationSafetyService.ts
server/routes/formulary.ts
client/src/pages/FormularyAdmin.tsx

AB – Outcome Monitoring

server/services/outcomeMonitoring/bouncebackAnalyzer.ts
server/services/outcomeMonitoring/outcomeMonitoringService.ts
server/routes/outcomeMonitoring.ts
client/src/pages/OutcomeMonitoring.tsx

AC – Prescribing Controls

server/services/prescribingControlService.ts
server/services/prescribingAuditLog.ts
server/routes/prescribingControls.ts
client/src/components/PrescribingApprovalPanel.tsx

AD – Identity & Consent

server/services/patientIdentityService.ts
server/services/patientConsentService.ts
server/routes/patientConsent.ts
client/src/pages/PatientConsentAdmin.tsx

AE – Clinical Validation

server/services/validation/clinicalValidationService.ts
server/routes/clinicalValidation.ts
client/src/pages/ClinicalValidation.tsx

AF – Release Governance

server/services/releaseGovernanceService.ts
server/routes/releaseGovernance.ts
client/src/pages/ReleaseGovernance.tsx

AG – Open Source Agent Integration

server/services/agents/toolRegistry.ts
server/services/agents/clinicalAgentTools.ts
server/services/agents/openSourceAgentAdapter.ts
server/routes/agentTasks.ts
client/src/pages/AgentOps.tsx

AH – Microsoft Agent Integration

server/services/agents/msAgentMemory.ts
server/services/agents/msAgentOrchestrator.ts
server/services/agents/msClinicalReasoningAgent.ts
server/services/agents/msReviewAgent.ts
server/services/agents/msChartAgent.ts
server/routes/msAgentTasks.ts
client/src/pages/MicrosoftAgentOps.tsx

AI – ChatGPT Integration

server/services/ai/chatgptClient.ts
server/services/ai/promptTemplates.ts
server/services/ai/aiReasoningService.ts
server/services/ai/aiSafetyGuardrails.ts
server/routes/aiTasks.ts
client/src/pages/AIAssistant.tsx

PERF – Performance Layer

server/services/performance/ruleCacheService.ts
server/services/performance/expressionCacheService.ts
server/services/performance/caseCacheService.ts
server/services/performance/hotPathExecutor.ts
server/routes/performanceStats.ts

Synthetic Testing System

server/services/testing/syntheticCaseGenerator.ts
server/services/testing/engineMassRunner.ts
server/services/testing/parallelEngineRunner.ts
server/services/testing/engineResultStore.ts
server/services/testing/physicianDecisionModel.ts
server/services/testing/mismatchAnalyzer.ts
server/services/testing/confusionMatrixBuilder.ts
server/services/testing/statisticalValidationService.ts
server/services/testing/edgeCaseExplorer.ts
server/services/testing/caseReplayService.ts

Decision Graph Visualization

server/services/graphs/decisionGraphBuilder.ts
server/services/graphs/caseTraceGraphBuilder.ts
server/services/graphs/decisionGraphDiff.ts
server/services/graphs/decisionGraphHeatmapBuilder.ts
client/src/pages/DecisionGraphExplorer.tsx
client/src/pages/DecisionGraphHeatmaps.tsx

Complaint Control Center

server/services/workbench/complaintControlCenterService.ts

server/routes/complaintControlCenter.ts

client/src/pages/ComplaintControlCenter.tsx
